

The MCSPCA understands the growing concerns about COVID-19 and as a result we have taken measures to keep pets & people safe within our community. All three of our shelters have remained closed to public access since the start of this health crisis. Staff are on-site providing the best care possible to the animals within our shelters every day and we have staff available by phone at each of our locations to answer any questions that you may have.

We realize the concerns regarding lost animals that enter our shelters and the importance of reconnecting lost pets with their owners as soon as possible. As always, all lost animals will be posted on our website, checked for ID, scanned for a microchip, and cross-checked with our lost reports. If/when an owner is located we will make arrangements for the owner to pick up their pet as soon as feasibly possible.

It is also essential that we continue to search for homes for the animals in our care during this crisis and will resume adoptions on a modified schedule.

Effective April 1<sup>st</sup>, and for the foreseeable future, all animal adoptions will be by **APPOINTMENT ONLY** with the following guidelines in effect.

- Animals may be viewed on our website, which is updated hourly. Additional information may be obtained by clicking the links on our website or by viewing our facebook page which continues to be updated with adoptable pets.
  - [www.montgomerycountyspca.org](http://www.montgomerycountyspca.org)
  - [www.facebook.com/montgomerycountyspca](https://www.facebook.com/montgomerycountyspca).
- If you find an animal in which you are interested, you must submit an adoption application for that animal via email or fax. Applications must include the specific animal ID information and be submitted to the appropriate facility. Adoption applications are available at [www.montgomerycountyspca.org/Info/Application.pdf](http://www.montgomerycountyspca.org/Info/Application.pdf)
- Incomplete applications, application missing answers, or missing pertinent information will not be considered. Please be sure that all application questions are answered prior to submission.
- Once the application has been reviewed and approved, a staff member will be in contact to schedule an appointment so you can meet with the animal.
  - Please be aware that we can only select one applicant for an animal and encourage you to reapply for another animal if your application was not selected for a particular pet.

Applications may be submitted to:
